- Utility Worker Safety Reminder:** State laws are in place to help protect utility workers while they are performing their job duties. Causing physical injury to, or assaulting, a utility worker is punishable by law, and penalties include potential jail time.
- Payment concerns?** We are here to help. To learn about solutions to help you take control of your energy use and bills, visit [www.ngrid.com/billhelp](http://www.ngrid.com/billhelp).
- WILL WE BE ABLE TO REACH YOU DURING A POWER OUTAGE?:** During a power outage, phones with a direct link to a local phone line are able to operate. Phones that are **not** directly linked (for example, wireless phones with answering machines) need electricity to make/receive calls. If you would like to register another phone number, such as a cell phone, as your account's primary phone number, please go to [www.nationalgrid.com/myaccount](http://www.nationalgrid.com/myaccount) to update your information so that we may be able to reach you with important information during power outages.

---

## CHARGES

---

**Basic Service:** A charge to cover costs for meter reading, billing, equipment and maintenance. This charge is the same regardless of how much energy is used during the billing period.

---

## ENERGY MEASUREMENT TERMS

---

**kWh:** The unit of electricity usage measured by your meter. One kilowatt-hour (kWh) is 1000 watts-hours, and will light a 100-watt bulb for 10 hours. The number of kWhs is used to determine the electricity charges on your bill.

---

## ELECTRIC SERVICE

---

**Delivery:** UtilityBill's charges for bringing electricity from your supplier to your premise, regardless of supplier.

**Electricity Supply:** The price of electricity supply used during the billing period. If you choose an alternate supplier, the price will be what you agree upon with that supplier.

**Electric Usage History:** This will be important information to share with your installer to help determine your system size.
